# GAMING CHAIR

# DESIGN CONCEPT

Sitting for too long on a couch or hunched over on a desk is not good for the body; and If you're a hardcore gamer who devotes hours upon hours to gaming, whether as a hobby on steroids or as a professional, you may want to watch out and choose the right gaming chair for yourself. Tt eSPORTS prides itself over putting our customers first, and even more important than that, are giving our gaming enthusiasts around the world - North America, South America, Europe, Asia, and Oceania - the most ergonomic gaming chair lineup on the market.

We have spent a great many hours on research and development, and as avid gamers ourselves, we know all too well the required combinations of comfort, durability and need for functionality that our gaming chairs require.

The TteSPORTS design team itself consists of passionate gamers who know exactly what matters when it comes to designing high-quality gaming chairs and because of this, all TteSPORTS gaming chairs are not just made of high-grade materials but also brought together with the the know-how and skills of the team to bring our enthusiasts the most ergonomic, durable and functional gaming chairs on the market.

GAMING CHAIR

ERGONOMIC & DURABLE DESIGN

For prolonged periods of sitting, it is important that it be done comfortably with good posture. The National Institute of Health recommends choosing a chair with all the necessary adjustments to support proper posture.

GAMING CHAIR

GT SERIES  
Gaming Chair

PREMIUM FAUX PVC LEATHER

High-quality faux leather for enhanced durability, breathability and splash resistance to accidental spills. Use of PVC provides enhanced durability than that of traditional PU materials and is easier to maintain.

X SERIES  
Gaming Chair

EXCLUSIVE CARBON STYLE  
DESIGN FOR ULTIMATE LUXURY

High-quality faux leather for enhanced durability, breathability and splash resistance to accidental spills. Use of PVC provides enhanced durability than that of traditional PU materials and is easier to maintain.

# 4D ADJUSTABLE ARMREST

High-quality faux leather for enhanced durability, breathability and splash resistance to accidental spills. Use of PVC provides enhanced durability than that of traditional PU materials and is easier to maintain.

# ADJUSTABLE BACK

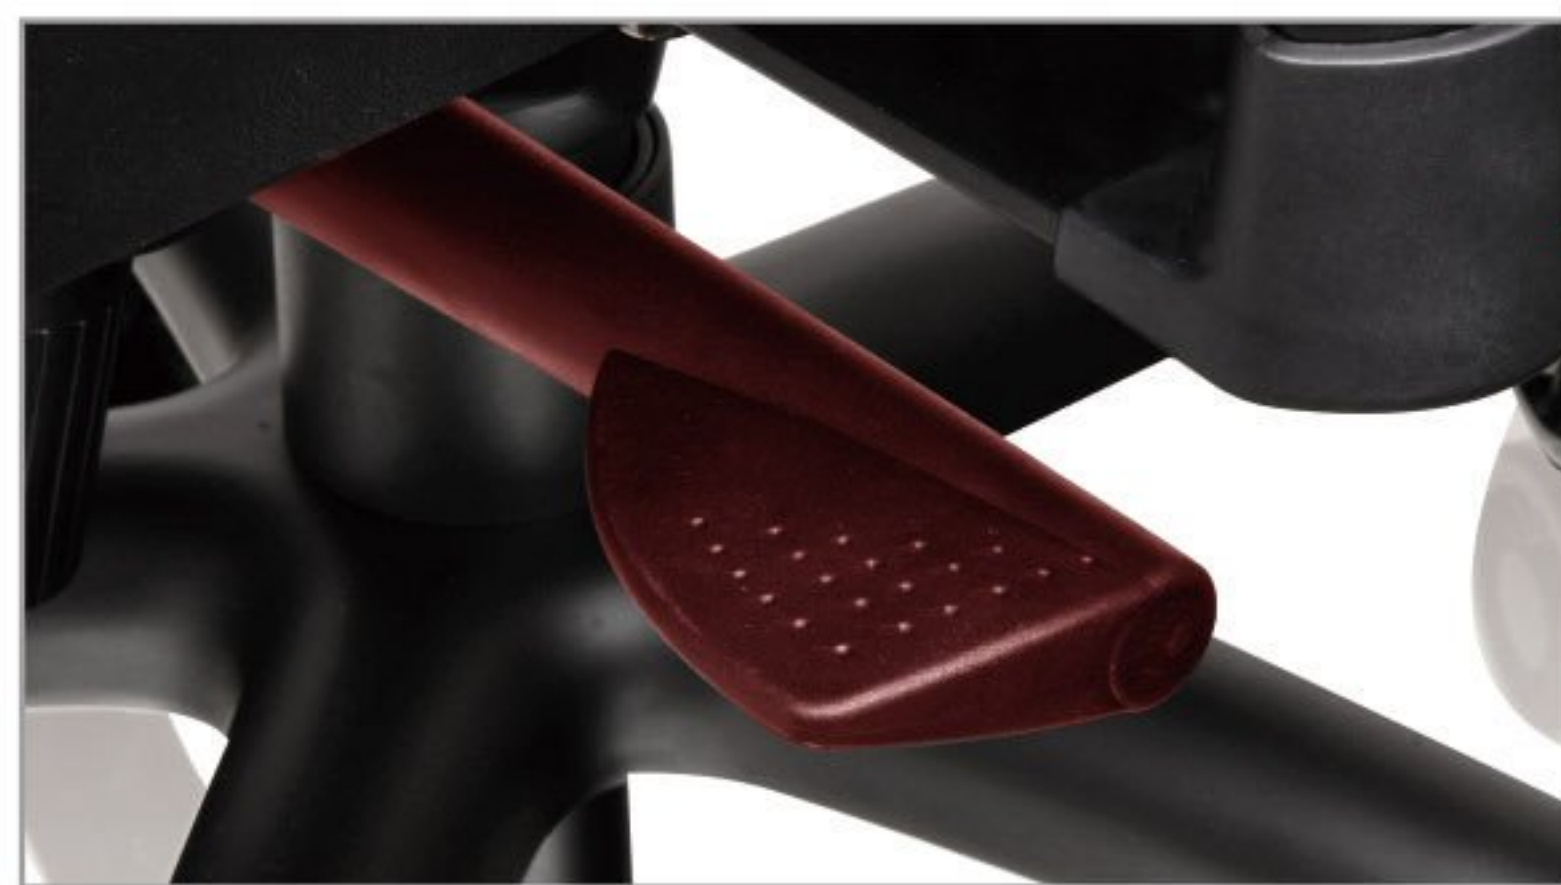

Allows for effortless adjustment of back angle up to 160 degrees for optimal sitting position during general and gaming use.

Z SUPPORT MULTI  
FUNCTION TILT  
MECHANISM WITH  
LOCKING SYSTEM

Provides adjustable tilt for increasing and decreasing tension by matching the body weight of the user for effortless, secure and sturdy rocking, without putting fatigue on muscles.

ANGLE ADJUSTOR

HEIGHT ADJUSTOR

POWERFUL  
CLASS - 4  
GAS PISTON

Gives easy height adjustment of the seat for optimal ergonomic support for both posture and back stress prevention. User can adjust height for optimal support based on environment.

# STURDY 5 STAR ALUMINUM BASE

By using a premium grade aluminium base which is designed to support a max load of 120kg, the chair is more durable and long-lasting compared to it's nylon based counterpart. With internal structured design and a 70cm (25") width it is also more stable and solid.

# LARGE 3” CASTER WHEELS

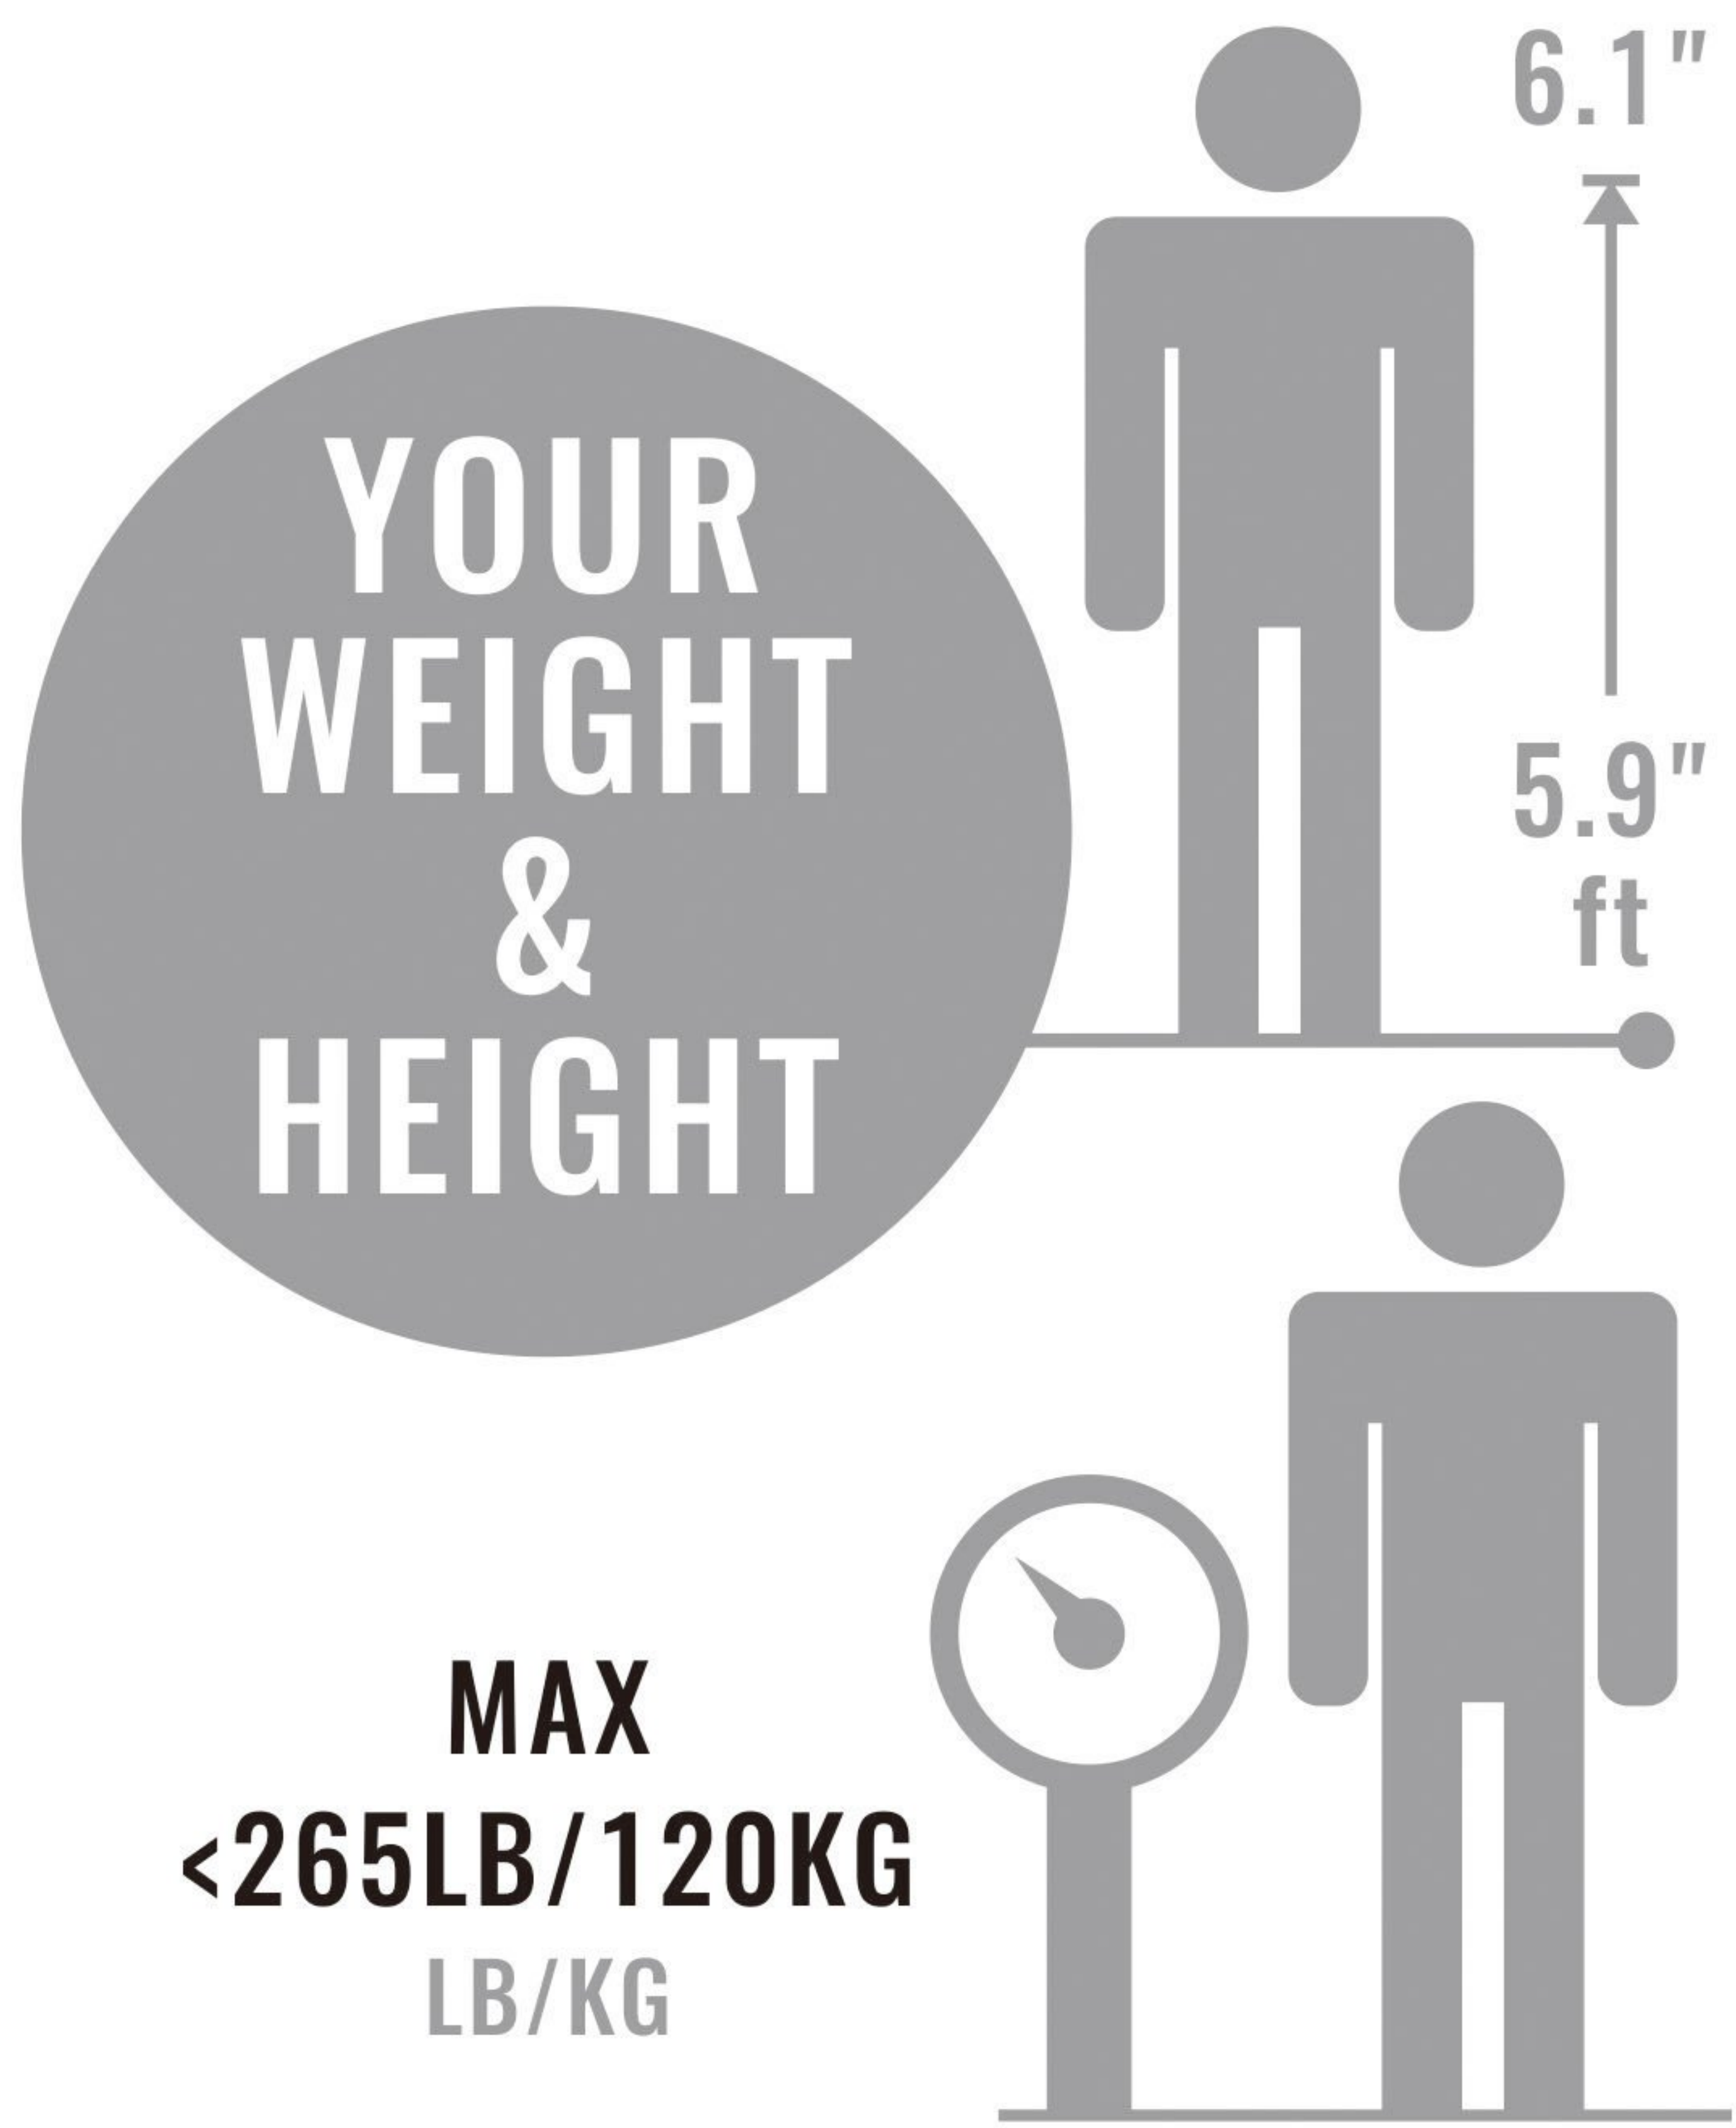

Use of large 3” caster wheels provide enhanced base support whilst in use. Wider wheel base also provides quieter operation and further adds to the stability of the chair with even greater freedom of movement.
